

ORLEN Deutschland reaches a significant milestone with its partner “Too Good To Go”

Elmshorn, 26 February 2024 – ORLEN Deutschland has been a collaborative partner of the Too Good To Go initiative since 2021. This successful collaboration has already saved 100,000 surprise food bags from being thrown out, which marks a significant milestone in the fight against food waste, and underscores the commitment of both partners to a sustainable future.

The social impact company Too Good To Go uses its eponymous app to help keep unsold food from being thrown out. More than 200 ORLEN and star petrol stations offer so-called ‘surprise bags’, packed with surplus bistro or shop products and sold at a reduced price. By collaborating with Too Good To Go, ORLEN Deutschland and its petrol station tenants are helping to reduce food waste and raise awareness about the issue. It also saves resources and puts less strain on the environment, while at the same time taking on social responsibility.

Too Good To Go’s service is easy to use via the app. Customers simply reserve and pay for the surprise bag in the app and also receive a digital receipt there. The bag can then be collected at the station at an agreed pick-up time.
